SUBMISSION OF SEQUENCE ID LISTING

This submission is filed in response to the Office Action mailed 03 December 2003, the period for response to which has been extended to 03 February 2004 by the accompanying Petition for Extension of Time. A Sequence ID Listing had been previously submitted in this case. The present Action identifies additional nucleotide sequences at Figure 2 of the instant specification, and requests that they be provided in the form of a sequence ID listing as well.

Enclosed herewith is an amended nucleotide sequence ID listing for the above stated patent application, including the sequences previously provided, together with those in Figure 2. Please find both the paper copy and the computer readable copy submitted in accordance with 37 CFR 1.821(c) and 37 CFR 1.821(e) respectively. Also enclosed is a further Amendment to the specification, in order to provide replacement Figure 2 in accordance with the requirements of 37 CFR 1.821(d).

In submitting this disclosure I hereby state that the information recorded in computer readable form is identical to the written sequence on the paper copy, and includes no new matter.

Dated: 3 FEB 2004

Respectfully submitted,
